

## Creating a Simple Border in Photoshop

After all your edits are complete follow the directions below to create a simple black or white border around your photography.

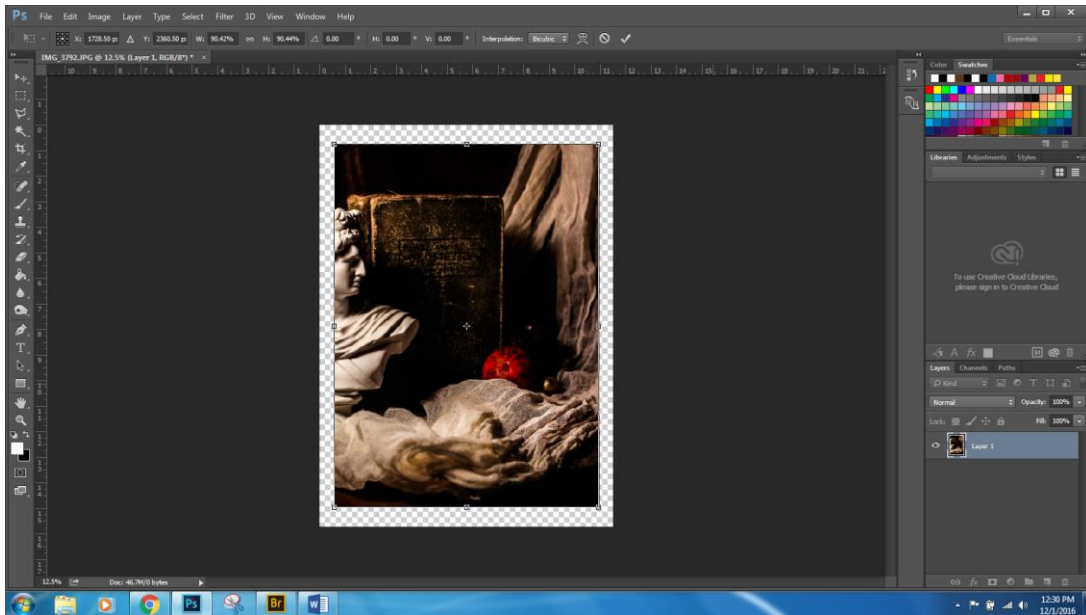

**Step 1:** Click Cmd+T

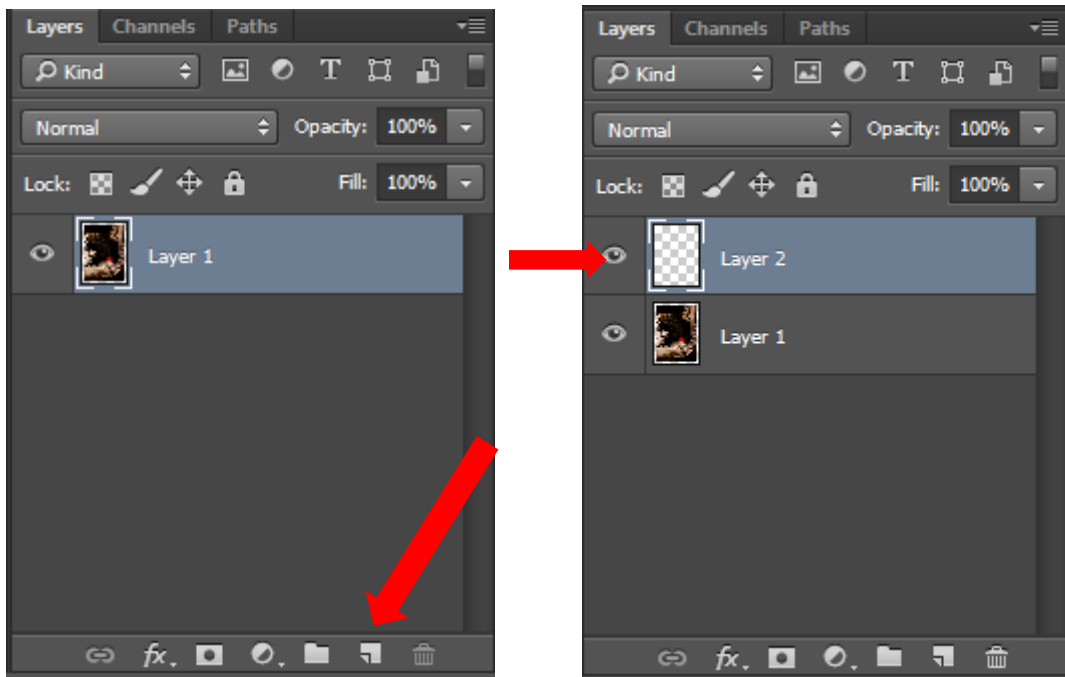

**Step 2:** Holding Shift Key Drag the top Left corner down making some space

**Step 3:** Re-center Photo

**Step 4:** Create a new layer by clicking on the new layer button on the layers palette

**Step 5:** Move new layer to the background (under the photo)

**Step 6:** Use the paint Bucket to color in Black or White (Examples shown below)
